Dear Board Members of Prepared. The Gateway of the Northwest,

My name is Nancy Tucker and I teach at Vashon High School. I wanted to thank you for your generous support of providing juice and treats for my students.

You can imagine my surprise when Mr. George Love came to my classroom and offered to give me Capri Sun juice packs and M& M candies, for my students. He explained the mission of your program and the goal of adopting high schools. I was overjoyed with the information he provided and the supplies.

I have used the treats to encourage and reward my students for punctuality, strong attendance and good effort. I also use them as a "pick me up" when tackling big projects or preparing for tests. It is just the right motivation to get and keep them focused!

The students love getting these items and the smiles that come to their faces brightens up the whole room. Additionally, Mr. Love's positive attitude and role modeling provide a great deal of good influence to our students, especially the young African American men. They see a man who is a leader, kind-hearted and giving, who wants nothing in return.

Thank you so much for donation and support. You are making a difference in a positive way and we are grateful for your kindness and support!

Respectfully,
